

10 Years Lib4RI – a Retrospective in Figures

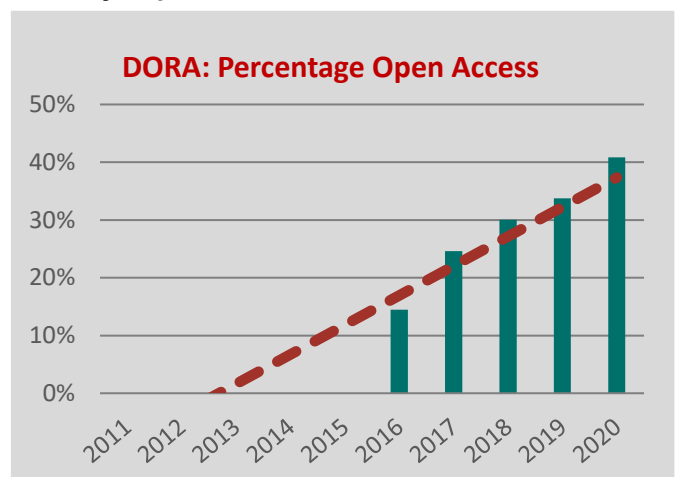

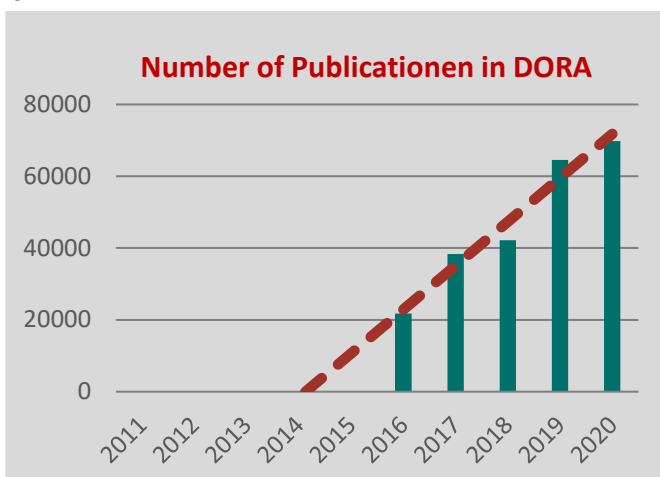

Holdings: Increasing availability of electronic resources

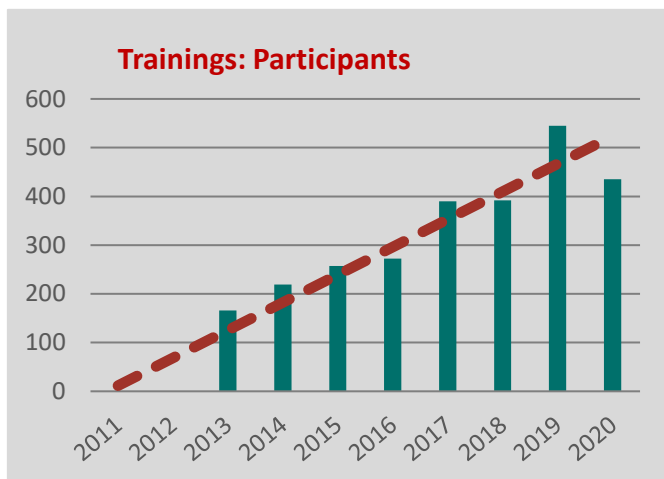

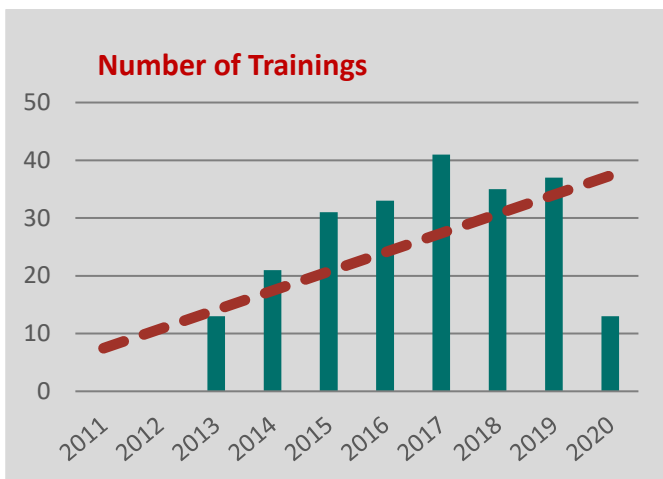

Transformation from Print to Online: Enormous increase in the use of electronic resources, book borrowing declines strongly

New Publication Services: DORA established, migration of legacy data and recording of all new publications from the research institutes, increasing visibility of publications from our institutes

Trainings: An increasing offer that is accepted

Expenditures: Despite development and expansion of services, constant expenditures over the 10 years
