

Plagiarism Check Form

Please fill in this form and submit it together with your document as a Word or PDF file. Typically, the plagiarism check software automatically recognises lists of references. However, there have been cases where this feature has not worked properly. We therefore advise you to upload your document without a list of references.

Name:*

E-Mail:*

Document title: *

Is the document your own work? * Yes No

What is the reason for your plagiarism check request? *

- I am uncertain as to whether the manuscript, which is to be submitted, contains plagiarism
- a funder has rejected my application on the basis of plagiarism
- a journal has rejected my manuscript on the basis of plagiarism
- other reason

If you ticked «other reason», please specify your reason and justify your plagiarism check request.

In the case of «other reason»: I agree, that the information given here (but not the document itself and not the resulting report) are forwarded to the person specified in the plagiarism check [guideline](#).

Client agreement*

I confirm that the information given in this form is true, complete and accurate.

I have read and agreed to the plagiarism check guideline.

I have informed [Eawag, Empa, WSL: all co-authors / PSI: the corresponding author(s)] of my plagiarism check request and will share the results of the plagiarism check with them.

After the plagiarism check

We deliver the results to you within a few days. You can find an example of a report [here](#). The report itself does not detect plagiarism. It only detects similarities between texts based on word sequences. You must evaluate the report and decide for yourself whether the text contains plagiarism. You can find instructions on how to interpret a report correctly [here](#).
